## Recycling

- Orange bins. *The board acknowledged that there had been some concerns over the removal of orange bins. However, this was inevitable but the reasons for doing stopping the grass collections are valid. There is no obligation for local authorities to collect garden waste, therefore if a resident wish to have an additional bin for household refuse, this is charged for. To reduce waste household should be encouraged to recycle their glass and metals. All island recycling strategy to be brought up at the next Political Waste Working Group meeting.*
